

Case Study: GAMING

WHO

- Europe's largest online gaming and betting company
- 6x sites and £214m TO
- 1,500 users

CHALLENGE

- Rapid user growth from 500 to 1500 users in 12 months
- Departments spread unnecessarily across 4x floors of their building
- Wanted to consolidate down to 2x floors - 400 users would be moved
- In tandem refresh half of their legacy client estate while maintaining 24x7 operation

SOLUTION

- Servium proposed kit and devices to be used in new offices
- Refreshed monitors on new desks
- Uniformly deployed across entire office
- Buffer area provided for staff to work during move
- Harnessed Services Ecosystem

Servium

BENEFITS

- Saving of £100k a month, and £1.2m per year on rent
- Better user experience overall, even those not on new technology
- Everyone seamlessly moved in 2 weeks
- No single user inconvenienced
- Finished a day early saving an extra month's rent
- Departments now closer together in more sensible office layout
- Better data cabling across site

WHY SERVIUM?

- Originally won desktop roll out so made sense to amalgamate
- The Services Ecosystem sourced the right people to meet the demands and timelines
- Created comprehensive plan to move users without interruption
- Avoided hidden costs
