

Case Study: TOURISM

WHO

- Luxury Travel Agent for Europe
- 10,100 employees worldwide, €6.3bn TO
- 400 users (UK)

CHALLENGE

- Imminent split from parent group raised the requirement for a complete datacentre fit out
- Including server, storage, networking and software
- To be delivered to a very tight deadline

SOLUTION

- Servium proposed all tech and configuration for the DC refresh
- Included HP, Lenovo, Cisco, Barracuda, VMware, Zerto, Microsoft and Citrix technologies
- Pre-sales insight on-site to identify suitable solutions
- 8 days of consultancy undertaken to configure systems ready for production
- Consolidated some non-virtualised legacy hardware

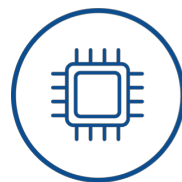

Servium

Data

Network

Compute

BENEFITS

- Had to have DC refresh to be ready to trade in the UK
- Delivered in only 6 weeks
- Technology was express shipped and configured
- Acquired flexible access to expert resource through Services Ecosystem

WHY SERVIUM?

- Knew they could turn to Servium make tight deadline
- Servium mitigated risk through comprehensive configuration recommendations
- Longstanding relationship of 8 years and mutual trust
